Helix Power Tower PLUS **Installation Instructions**

(1996-1999 Mitsubishi 3000GT SOHC
1990-1999 Mitsubishi 3000GT DOHC Part #93005)

Important! Read all instructions before you begin installation.

1. Unclamp and remove air inlet from throttle body.
2. Remove four bolts throttle body to intake manifold.
3. Install new gasket, Helix Power Tower PLUS (engraved side towards throttle body), another gasket and throttle body onto intake manifold using supplied longer bolts. Torque to 15 ft/lb.
4. Adjust throttle cable bracket on intake manifold. There should be at least 1/8" cable deflection on final adjustment of throttle bracket.
5. Install air inlet assembly on the throttle body. Tighten clamp to throttle body.
